

# SINGLE DISC CLUTCH COIL SPRING EDUCATIONAL TRAINER CUTAWAY

A2

Product number  
AE411110M

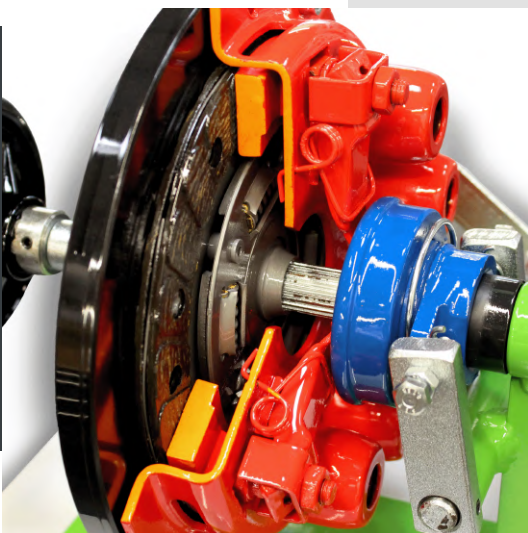

Single disc clutch coil spring educational trainer cutaway is a mechanical automotive training aid designed to demonstrate the operation of a typical dry single-plate clutch system. The unit consists of a cutaway of a single disc clutch with coil spring mechanism, flywheel, pressure plate, clutch disc, release bearing and foot-operated clutch pedal. Manual flywheel rotation is enabled by a handwheel. The transparent cutaway design allows full visibility of internal clutch movement during actuation. Designed for use in automotive education and mechanical training programs.

## Features

- Single disc dry clutch with visible internal components.
- Includes release mechanism, pressure plate, and flywheel.
- Manual foot pedal operation for engagement simulation.
- Handwheel for manual flywheel rotation.
- Cutaway design for clear internal view.

## Specifications

- Clutch type: single disc, dry, with coil spring.
- Weight: 6 kg (2,72 lbs).
- Dimensions: 300 x 300 x 300 mm (11.81 x 11.81 x 11.81 in).
- Product number: AE411110M
